## Welcome to Old Town Auburn

Where gold was discovered in 1848, launching the town and a local gold rush. Today we have 15 Restaurants, 5 museums, 30+ unique shops, and several historical points of interest, including the oldest working Post Office west of the Mississippi. We have special events all year 'round, starting with an every-Saturday-morning Farmer's Market, spring and fall antique street fairs, concerts in the park, art walks, food and wine festivals, and two Country Christmas evenings which highlight the calendar. It's a great place to relax and enjoy a slice of Old California's pleasures and treasures.
